

WELCOME BACK!

After an extraordinary time for us all, at last the hotel is slowly starting to reopen. Quietly & carefully returning to normal, the new normal of course, so you will find a few changes but all for the good.

To start with and in line with our gradual reopening, we are just providing bedroom accommodation and Spa Treatments. Peridot Restaurant, Malachite Bar and Room Service will all come later. Complimentary water will still be provided in the bedrooms and we can offer a 'grab and go' breakfast.

Le Kalon Spa

Our Spa, Hammam (self-use only) and Sauna are now open for treatments currently on Friday, Saturday and Sunday only. Please contact the hotel directly to book an appointment and to find out what's available on spa@thebentley-hotel.com

Health and Safety

Whilst we have always taken great care of health and hygiene you will be pleased to hear that we are now completely obsessed with it and have even signed up for the Visit Britain 'We're Good To Go' Protocol to make sure we miss nothing in our efforts to make The Bentley London a comfortable environment for our guests, customers, team members and support service companies.

To help us do so, we are asking you to come another time if you have had any Covid-19 related contact within the last 14 days or are feeling unwell. Our staff too are taking care to let us know if they are unwell and will be sent home to self-isolate if they develop symptoms.

Social distancing is important so we have introduced some measures described below, which we would ask you to adhere to keeping us all safe.

The sanitiser we are using throughout the building is hospital standard and we are carefully cleaning all touch points more frequently – door handles, lift buttons, pens, keys and hard surfaces. So we can proudly say

Reservations

As part of the test & trace programme, we will ask you to provide your full address, phone number and email address online, in writing and in advance which will save you from having to complete a form at the desk.

We will also ask for your estimated arrival time to be sure we are ready for you.

If you are experiencing symptoms, feeling unwell or have, within the past 14 days, been in contact with someone who has developed Covid-19 or if you have travelled through or from a country where our government requires you to quarantine, please cancel and rearrange your visit for another time.

We offer fully flexible reservations which can be cancelled without charge up to 24 hours in advance of arrival so if your plans change suddenly, you can cancel up to 14.00 hrs on the day prior to arrival. After this time, you would be charged for the first night only.

Arrival

The doors are currently locked to keep everyone secure but the Duty Manager will be in the lobby to let you in and will take your temperature using a handheld thermal thermometer. Access will be denied if your temperature is above 37.8 degrees centigrade.

We aren't offering full luggage services as yet but if you have difficulty, let us know and we will help.

Please do not make physical contact with any member of staff. Person to person contact between staff & guests or staff & staff is not permitted.

You will find hand sanitiser at the door and also near the lifts and at reception. Screens at both reception and concierge will protect you and our team members, who will also be wearing masks.

You will be asked to sign your registration card, using a sanitised pen and we will charge your stay to your card in advance to save you from having to check out on your departure day.

You will be given your pre-sanitised room key and will then be good to go to your room.

Our business centre computer is closed for the moment.

Bedrooms

Your room will have a little less inside it these days. Only essentials and all touch points will have been specifically and carefully disinfected. When you check out, the room will be left for 48-72 hours before being cleaned and sanitised ready for the next guest.

We won't be cleaning your room during your stay unless you specifically request the service in advance so that we can make the arrangements to do so while you are out.

If you need anything – just call the front desk and we will deliver to your room, leaving it outside if you are in the room.

Social Distancing and Service

Please be patient and respectful of other guests and our team members to allow safe social distances to be maintained.

Remember to observe the 2 metre rule wherever you are in the hotel. Our staff will be maintaining this rule between themselves and with our guests.

Only one family group in each lift at any time. If the lift is occupied when you call it, wait for the next or take the stairs.

Breakfast

The breakfast buffet option has been temporarily suspended so for the moment, we are offering a continental breakfast which you can either take with you or we can leave outside your room for contactless delivery. Please let us know if you would like this service and we will advise what is available.

Check Out

Very simple – just drop the key at the desk as you go! We will email your receipt or print it out if you need to take a paper copy.

As we are not currently offering luggage handling services, there is currently no charge for late check out up to 4pm so you can leave your luggage in the room.

Finally, we know we don't need to remind you but we are going to anyway!

Keep your distance – 2 metres if possible – or at least 1 metre if not

Wash your hands regularly for at least 20 seconds each time. Don't forget to moisturise those poor hands too – we have extra moisturiser if you need.

Remember to cough or sneeze into a tissue and bin it or use your elbow or arm, never your hand (we know, it's difficult 😞 but please keep trying)

Wearing a face covering is now mandatory in all public areas of the hotel, on public transport and in all shops – let us know if you need a mask or gloves.

Sanitise your hands if you are unable to wash them

If you don't feel well during your stay, please stay in your room and tell us

So to close, thank you for reading this and for coming to stay. We will be continually monitoring and revising our policies in line with changing events and government instructions.

We are very much looking forward to welcoming you to the hotel soon and if you have any questions or queries, please let me know.

With warmest regards

Eva Leigh

Hotel Manager
